Justin, TX (November 14, 2023) - Canoo Inc. (Nasdaq: GOEV), a high-tech advanced mobility company, today announced its financial results for the third quarter of 2023.

"We are now in our manufacturing and revenue-generation phase, while we still have things left to prove. We have worked nearly three years to get to this point," said Tony Aquila, Investor, Executive Chairman and CEO of Canoo. "The bets we have made around the redesign and functionality of our platform are beginning to play out successfully at multiple levels. We continue to move toward our goal of achieving 20,000 annual unit capacity. I think that's a tribute to the scrappiness of our team driving value to our customers and partners."

Third Quarter & Recent Business Updates:

- · Crossed above 10,000 industrial and commercial-use miles in pilot and customer delivery testing
- · EPA permit granted for Oklahoma City facility
- Began assembling workforce at Oklahoma facilities, expecting 20-25% of company to be Oklahoma-based by end of Q4 2023

Third Quarter Financial Highlights:

- As of September 30, 2023, we had cash and cash equivalents of \$8.3 million. After giving effect to the preferred stock and warrant subscription agreement for a total of \$45.0 million, our cash balance would have been \$53.3 million on September 30, 2023.
- GAAP net loss and comprehensive loss of \$(112.0) million and \$(273.6) million for the three and nine months ended September 30, 2023, compared to a GAAP net loss and comprehensive loss of \$(117.7) million and \$(407.5) million for the three and nine months ended September 30, 2022. The GAAP net loss and comprehensive loss for the three and nine months ended September 30, 2023 included a gain of \$17.1 million and \$40.1 million on the fair value change of the warrant and derivative liability, respectively and a gain of \$0.3 million and \$2.8 million on the fair value change in contingent earnout shares liability, respectively.
- Adjusted EBITDA of \$(40.4) million and \$(169.8) million for the three and nine months ended September 30, 2023, compared to \$(80.8) million and \$(348.1) million for the three and nine months ended September 30, 2022.
- Adjusted Net Loss of \$(46.1) million and \$(187.2) million for the three and nine months ended September 30, 2023, compared to \$(86.5) million and \$(359.3) million for the three and nine months ended September 30, 2022.

- Adjusted EPS per share of \$(0.07) and \$(0.36) for the three and nine months ended September 30, 2023, compared to \$(0.31) and \$(1.43) for the three and nine months ended September 30, 2022.
- Net cash used in operating activities totaled \$191.4 million for the nine months ended September 30, 2023, compared to \$329.9 million for the nine months ended September 30, 2022.
- Net cash used in investing activities was \$45.4 million during the nine months ended September 30, 2023, compared to \$58.4 million net cash used in investing activities during the nine months ended September 30, 2022.

Second Half 2023 Business Outlook - Updated

Based upon our current projections, we have updated our previously provided second half 2023 guidance as follows:

- Adjusted EBITDA: \$(85) million to \$(105) million
- · Capital Expenditures of: \$30 million to \$40 million

See "Non-GAAP Financial Measures" section herein for an explanation of Adjusted EBITDA. The Company is unable to provide a reconciliation for forward-looking guidance of Adjusted EBITDA to net loss, the most closely comparable

GAAP measure, because certain material reconciling items, such as depreciation and amortization and interest expense cannot be estimated due to factors outside of the Company's control and could have a material impact on the reported results. A reconciliation is not available without unreasonable effort.

Non-GAAP Financial Measures

EBITDA, Adjusted EBITDA, Adjusted Net Loss and Adjusted Earnings Per Share ("EPS")

"EBITDA" is defined as net loss before interest expense, income tax expense or benefit, and depreciation and amortization. "Adjusted EBITDA" is defined as EBITDA adjusted for stock-based compensation, restructuring charges, asset impairments, non-routine legal fees, and other costs associated with exit and disposal activities, acquisition and related costs, changes to the fair value of contingent earnout shares liability, changes to the fair value of warrant and derivative liability, changes to the fair value of the derivative asset, changes to the fair value of convertible debt, loss on extinguishment of debt, and any other one-time non-recurring transaction amounts impacting the statement of operations during the year. "Adjusted Net Loss" is defined as net loss adjusted for stock-based compensation, restructuring charges, asset impairments, non-routine legal fees, and other costs associated with exit and disposal activities, acquisition and related costs, changes to the fair value of contingent earnout shares liability, changes to the fair value of warrants and derivative liability, changes to the fair value of convertible debt, loss on extinguishment of debt, and any other one-time non-recurring transaction amounts impacting the statement of operations during the year. "Adjusted EPS" is defined as Adjusted Net Loss on a per share basis using the weighted average shares outstanding.

EBITDA, Adjusted EBITDA, Adjusted Net Loss, and Adjusted EPS are intended as a supplemental measure of our performance that is neither required by, nor presented in accordance with, GAAP. We believe EBITDA, Adjusted EBITDA, Adjusted Net Loss, and Adjusted EPS when combined with net loss and net loss per share are beneficial to an investor's complete understanding of our operating performance. We believe that the use of EBITDA, Adjusted EBITDA, Adjusted Net Loss, and Adjusted EPS provides an additional tool for investors to use in evaluating ongoing operating results and trends and in comparing our financial measures with those of comparable companies, which may present similar non-GAAP financial measures to investors. However, you should be aware that when evaluating EBITDA, Adjusted EBITDA, Adjusted Net Loss, and Adjusted EPS we may incur results will be unaffected by unusual or non-recurring items. Our computation of EBITDA, Adjusted EBITDA, Adjusted Net Loss, and Adjusted EPS may not be comparable to other similarly titled measures computed by other companies, because all companies may not calculate EBITDA, Adjusted EBITDA,

Because of these limitations, EBITDA, Adjusted EBITDA Adjusted Net Loss, and Adjusted EPS should not be considered in isolation or as a substitute for performance measures calculated in accordance with GAAP. We manage our business utilizing EBITDA, Adjusted EBITDA, Adjusted Net Loss, and Adjusted EPS as supplemental performance measures.
